ARTISTICALLY CRAFTED HOME GOODS

ABOUT VERO

Atelier Vero is an artist studio founded by Rhode Island-based artist Vero Godbout. She is the visionary behind the atelier's mission, which is that art should be both functional and fun! Her artwork is a whimsical wonderland of graphic designs and vivid paintings. And, with a background in graphic design, her work always has a sprinkling of visual elements, patterns, and typography.

Vero's art is all about capturing the beauty of life's moments, from the mundane to the marvelous. She starts by sketching rough drafts, inspired by her travels or the buzz of a special place. Once she has the blueprint, she takes to painting on canvas with acrylic, using ink to create an artful flow. Her creations are never rushed and always made with love.

Born in Quebec, Canada, Vero now calls the United States home. She worked as a College Professor in Graphic Arts and an Academic Advisor in Quebec, Canada. She is also the founder of The Women Artists Network. She teaches art part-time, making her both the CEO and worker bee of her thriving business. She's a passionate creator who is always exploring new materials, forms, and colors. Her art is a way of life, a spiritual need, and a daily practice.
